

TOMBSTONE EPITAPH

PUBLISHED EVERY SUNDAY.

OFFICIAL PROCEEDINGS

Minutes of the Regular Meeting of The Board of Supervisors.

OF COCHISE COUNTY, ARIZONA

Frances J. Abel submitted a deed for the purchase of lots 5, 6, and 7, block 60, of the townsite of Tombstone. The amount of the bid was \$15. A check covering the amount being enclosed. The bid was accepted and the clerk ordered to execute a deed for the same.

The following petition was submitted by O. Gibson: To the Honorable Board of Supervisors of Cochise county, Arizona territory.

The property described in the deeds herewith submitted was purchased from Charles Debad by Johnson & Cook. During the years 1895 and 1896, A. Wentworth, then acting tax collector, executed the deeds to the territory of Arizona for the property described in the deeds above mentioned. Wentworth did not, however, give any notice, as required by law, so that his deeds to the territory are absolutely worthless as deeds. They do, however, constitute a cloud upon the title of Johnson & Cook, and the deeds submitted herewith are asked for the purpose of clearing the title.

The delinquent taxes above mentioned, and all the delinquent taxes standing against said property were paid Aug. 27, 1907, see redemption receipt No. 5074. The deeds herewith submitted are to be executed at the expense of Johnson & Cook.

Yours respectfully,
O. GIBSON.

Above petition was granted and clerk ordered to execute deeds.

A petition from Hilare Tapia Burnett was referred back for correction.

The petition from H. Gerwein, in reference to Mrs. Barto, was referred back for correction.

A petition submitted by Dr. L. E. Heiges of Pearce, asking that the board advertise for bids for the care of indigent sick at Pearce was not granted, for the reason that but three months more remain of the present year.

Rudolph Schmidt submitted a petition, asking that the back tax suit, instituted by the county treasurer against him, be dismissed, on the ground that he is not the present owner of the property. The petition was not granted, the board deeming the matter of no importance.

A proposition was submitted by Frank Alley, attorney for Angela Diaz de Hansen and Peter C. Hansen, her husband, offering to accept \$6000 from the county in payment of property lately condemned by the court for the use of the public highway. The board rejected the terms of the petition for the reason that the amount asked was exorbitant.

Applications for the following school land leases were granted:

Wm. Speed, Wilcox, section 16 township 14, range 22.
J. W. Duncan, Wilcox, section 16, township 13, range 21.
E. M. Riggs, Dos Cabezas, section 36, township 13, range 25.
D. W. Isaacson, Pools, section 36, township 12, range 20.
Homer R. Fike, Naco, section 16, township 24, range 23.
F. A. Doane, Rodeo, N. M., section 36, township 29, range 29.

Drilling Contest At Spokane, Wash.

McGillivray and Erickson of Andon, B. C., won the first prize of \$1,000 in a double hand drilling contest at the Spokane Interstate fair, driving the steel fifty-three inches of solid rock in the time limit of fifteen minutes.

Practicing medicine for a number of years in Mesa, Dr. Hawley has located in Bisbee.

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. Cures Grip in Two Days. on every box, 25c.

Bear Walked Over His Face

At Holbrook, while Harry Scorse was out with supplies to his sheep ranch in the mountains of the Apache reservation, he met with a very exciting adventure. While sleeping out all alone with a saddle for a pillow and a blanket for a bed, he was rudely awakened by a large bear walking over his head, one of the monster's claws cutting a deep gash across the left side of his face. Mr. Scorse was without a weapon of any kind and absolutely defenseless. Fortunately, the bear was not on the warpath and passed quietly along.

New S. P. Bridge Near Fairbank

The Cochise County press says that the new bridge now being built by the Southern Pacific on the Burro branch, this side of Fairbank, will cost \$50,000. The steel has been on the ground for the past two or three months, the company waiting for the freshest season to pass.

The bridge will be 300 feet long and of two spans of 150 feet each, all steel. The old straining beams and trestle approach on the east end will be filled in.

The bridge crew has been on the ground for the past week and is now putting in the west-end concrete abutments. It will take between three and four months before the bridge is fully completed.

In style it is the same as the company bridge near Benson on the main line, only not quite so heavy. From Benson to Fairbank workmen are busy looking after the work of rapping and ditching.

W. Bradford, assistant resident engineer, did all the laying out and surveying for the work, and C. W. McCandless is in charge.

The permanency of this work establishes to a certainty the fact that the road from Benson south to Nogales and Guaymas is to be one of the main lines of the Southern Pacific.

The rails used at present are known as the 62-pound rail, while on the main line they have the 75 and 80-pound rails.

Recovered From Tarantula Bite

After lingering between life and death for four days, Catalin Acavido, a 3-year old girl, was discharged from the Copper Queen hospital as practically cured of the poisonous effects of the bite of a large tarantula which attacked her as she lay asleep at the home of her parents in Bisbee.

The little one was lying in bed when suddenly her parents were awakened at an early hour in the morning by her screams. Investigation showed that she had been bitten on her arm by some insect, the member having already commenced to swell when she was found. Beneath the bed clothing a huge tarantula was found and dispatched by the father.

Popular "Joe Bush" Visiting Friends

Gene Larrieu, whose journalistic cognomen is "Joe Bush," was a welcome caller at this office today. Gene is now located at Turner, where he entertains the traveling public who travel to and from Fort Huachuca. "Joe Bush" is an entertainer of renown, and when merriment seems to lag a badger fight is pulled off for the edification of his guests, hence Turner is looked forward to as the oasis where the tired traveler will find compensation for his stopping. The genial Gene has a host of friends in Tombstone who regard his visits as too infrequent and not sufficiently prolonged.

A fireproof cement is to be manufactured in Phoenix.

From Monday's Daily.

J. J. Wyatt, manager of the Arizona Gold Mines Co., returned yesterday from a trip to Los Angeles, where he was on mining business.

Supervisors Riggs, Bowen and McCane are in the city to be in attendance at the regular meeting of the board scheduled for today.

Mrs. Gibson, mother of Judge O. Gibson, left yesterday for Oklahoma, where she will spend two months visiting with a sister.

Jack McGregor of Bisbee has been elected vice-president of the Two Hundred Thousand Club, an organization of life insurance men in New York City.

Dr. Bacon returned this morning from Los Angeles, where he went on a hurried professional visit.

Mrs. Mary McHugh left yesterday for Bisbee on a visit to her sister, Mrs. F. E. Coles.

Chas. Schmidt, the well known barber, left this morning for Tucson, where he will remain several months.

Attorney Thomas Flannigan arrived this morning in Bisbee and will remain several days on business before the district court.

J. V. Vickers, president of the Chiricahua Cattle Co., and Clarence Crawford, secretary of the company, mention of whose arrival was made in these columns Saturday, are today visiting their mining holdings in the Dragons. It is not unlikely that their visit will mean the prosecution of development work on their group of claims, which is without doubt one of the most promising along the big range.

Every community has a distinguishing feature—some for good, some the reverse. Pinal county is featured most admirably by the excellency of its home paper—the Blade—which portrays in an enticing way the riches of that county that await the magic touch of the miners' pick. Besides pointing out that there is something "down" in Pinal, the Blade this week contains thirteen sheriff sales, which occupy the major portion of space; but the paper keeps up its "peart" appearance, withal that.

An important meeting of the K of P will be held tonight for work in the second degree.

Wm. Holmes, president of the Leadville Co., whose property is now under bond to the U. S. V. interests, was a "tomcat" visitor today coming from San Gabriel, Cal., enroute to the mines near Gleason. Mr. Holmes is interested in other valuable mines in that district upon which he will have considerable work done.

C. C. Riley, an S. P. brakeman, fell from a boxcar near Cochise station and received injuries which may cause his death.

Tombstone Miner Meets Death

An unfortunate tragedy occurred at the big shaft of the T. C. M. Co. this morning which resulted in the sad death of a wellknown timberman, named Anton Banke, who was instantly killed by a cave-in on the 800 level.

Banke was engaged in laying a track in the 800 drift and was in stooping posture, when without warning a huge boulder, weighing over a hundred pounds, fell from the roof of the drift directly upon the head of the unfortunate man, killing him instantly.

Fellow workmen hurried to the scene and found that the boulder had crushed the skull and death must have been instantaneous.

A coroner's jury was summoned, who examined the remains and will hold further investigation tonight.

The accident cast a gloom over the miners employed at the big shaft and is but another instance of the precarious vocation of the man at work underground.

The deceased was 26 years of age, a member of the local lodge I. O. O. F. and wellknown in Tombstone, having resided here many years, and was highly regarded by all who knew him. He leaves a wife and two infant children to whom the sympathy of the community is extended in their irreparable loss.

The funeral will be held tomorrow from the undertaking parlors of C. B. Tarbell and will be held under the auspices of the I. O. O. F.

From Tuesday's Daily.

Tom Naylor, the Thatcher barber, claims the distinction of having the largest barber pole in the United States—twenty inches in diameter and twenty feet high.

Several marriages are on the tapis for the near future.

The construction of the large cement walk around the corner of Allen and 4th Streets has been commenced.

Louis Heimerichs has been appointed postmaster at Fort Huachuca, vice Margaret J. Barber resigned.

Dr. Greene, superintendent of the county board of health, arrived today from Douglas to meet with the board of supervisors on matters pertaining to the public health department.

The incorporation fees collected by the territorial auditor for the month of September amounted to \$4,172.20, or about seven dollars more than the preceding month, August.

Mr. Al Hoagland is in from the Huachuca, having come here as a witness in the case tried this afternoon before Judge Down, in which the First National Bank of Tombstone seeks to secure a judgment against the old management of the Huachuca Water company.

Uncle Billy Plaster, one of the old Arizona pioneers who is known to nearly every resident in Cochise county, is a Tombstone visitor on court business. Uncle Billy is full of Arizona anecdotes and an authority on pioneer events. He is always a welcome visitor to Tombstone.

"Chicken Dick" At the County Seat

Francis Andrew, familiarly known as "Chicken Dick," is a Tombstone visitor from Bisbee. Mr. Hartman has the distinguished honor of presenting the first genuine bear to President Roosevelt, and in delivering him to the chief executive is said to have remarked that he hoped the president would not have as much trouble in running the government as the donor had in handling his bearship. The bear is still kept at the White House Zoo and is much admired by the president and White House attaches.

Walsh-Sekins Nuptials in Denver

Announcements are out of the marriage of Wm. F. Walsh to Miss Margaret Sekins at Denver on September 28th. Mr. and Mrs. Walsh will be "at home" in Tombstone after the 15th instant. The groom is a well known and popular Tombstone resident, being of the office force of the T. C. M. Co. The bride is an accomplished young lady and social favorite of Denver. The many friends of Mr. Walsh extend hearty congratulations, which will be made more manifest with the warm welcome that awaits the arrival of the happy couple.

Editor C. E. Bull Visits Tombstone

C. E. Bull, one of the active members of the Consolidated Printing and Publishing Co., with headquarters at Douglas, came in this morning from Guaymas, Mexico, where he has been rusticated for the past two weeks. Mr. Bull inflated his lungs with the salubrious ozone of Tombstone and departed this afternoon for his home, feeling that his vacation was complete, since he had visited the county seat.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, county and state aforesaid, and that said firm will pay the sum of one hundred dollars for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1896.

Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & Co., Toledo, Ohio.

My Hair Ran Away

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

The best kind of a testimonial—

"Sold for over sixty years."

Made by J. C. Ayer & Co., Lowell, Mass.

Also manufactured by SARGENT & WELCH, CHERRY PECTORAL.

Ayer's

To Be Admitted to Supreme Court

Harriet M. Kenefick of Globe is the first to send \$10 and get a receipt which entitles her to take the examination for admission to the Arizona bar when the supreme court meets in Phoenix November 9.

The board of examiners is made up of Walter Bennett, of Phoenix, S. L. Kingman, of Tucson and George J. Stoneman of Globe.

ERRY'S Seeds

proceed their worth at harvest time. After over thirty years of success, they are pronounced the best and surest by expert planters everywhere. Your dealer sells them. 1907 Seed Annual free on request. R. M. FERRY & CO., Des Moines, Iowa.

Sues E. P. & S. W. For \$30,000

H. F. Little vs. El Paso & Southwestern Railway Co. is the title of a suit for \$30,000 damages filed in the office of the district court clerk at El Paso.

In the petition of the plaintiff it is alleged that Little was employed by the defendant company as a switchman on March 19th, 1907, and at that time he was engaged in switching cars in the local yards. He was standing on the foot board of the yard engine, when an equalizer, on the rails, was run over by the engine, broke the foot-board and threw Little to the track immediately in front of the tender. In the resulting accident, Little is alleged to have received injuries that have made him a cripple for life.

E. E. BURLINGAME & CO. ASSAY OFFICE AND L. B. BOPATON.

Established in Colorado 1896. Securities for the express will receive prompt and careful attention. Gold & Silver Bullion. OR FURCHESSE. Concentration Tests. 200 the year best test. 1736-1728 Lawrence St. Denver, Colo.
